The figure displays a 50x50 grid visualization, likely representing a cellular automaton or a spatial pattern over time. The grid is divided into four 25x25 quadrants. The top-left quadrant shows a pattern of black dots on a light blue background, which evolves from a sparse initial state to a dense, complex structure. The top-right quadrant shows a solid black background with a few scattered white dots. The bottom-left quadrant shows a solid light blue background with a few scattered black dots. The bottom-right quadrant shows a solid black background with a few scattered white dots. The evolution of the pattern is visible across all four quadrants, with the top-left quadrant being the most prominent.
